

17th Annual Comedy Night September 2014

Benefiting Challenge Center's Scholarship Fund Restoring Health. Restoring Hope. Restoring Lives.

A year of physical therapy at a private clinic can cost upwards of \$15,000, far beyond the reach of those challenged by their physical circumstances. The proceeds from the Comedy Night benefit Challenge Center's Scholarship Fund and enable us to provide more than 12,000 hours of services annually to uninsured / underinsured children, adults, and seniors with severe disabilities. Your sponsorship provides those in need the continuing physical therapy necessary to regain their

independence, the assisted fitness services required to maintain good health, and the positive environment to restore their spirits.

Our Mission

Challenge Center is committed to provide skilled physical therapy, specialized fitness, and wellness programs to rehabilitate, realize the highest level of independence, and improve the quality of life for children, adults, and seniors with severe physical disabilities, as well as their families and caregivers.
